Objective

Seeking a full-time software engineering position where I can apply my coding skills, data analytics experience, and business acumen to create value-added solutions. Excited to contribute to a dynamic team and work on innovative projects.

EXPERIENCE

Software Engineer Intern, Sandhills Global *(April 2022 - Present)*

- Improved service efficiency by 20% through server-side code redesign.
- Developed and integrated both SOAP and REST APIs.
- Co-designed a customer portal, increasing customer retention by 10%.
- Created reports for business teams by pulling and presenting data, improving decision-making and reducing time spent in meetings by 15%.
- Used agile software development to deliver products on time.
- Technologies Used: C#, VB, SQL, .NET Framework, Excel for data visualization

Facilities Management, Crossroads Bible Church *(April 2019 - June 2021)*

- Managed over 50+ events annually, optimizing facility readiness and logistics.
- Developed a comprehensive database that allowed for quick and accurate inventory checks, eliminating the need for manual searching and reducing the risk of stock-outs.

EDUCATION

B.S. in Computer Science, Grand Canyon University *(Expected April 2024)*

- Emphasis in Entrepreneurial Studies
- Relevant Coursework: Data Structures, Algorithms, Web Development

---

CERTIFICATES

- The Complete 2023 Web Development Bootcamp by The App Brewery
  - Skills Acquired: HTML5, CSS, JavaScript, React.js

SKILLS

Technical Skills

- Programming: C#, VB, HTML5/CSS/JavaScript, SQL, Java, C++, OOP
- Technologies: Git/GitHub, Microsoft SQL Server
- Frameworks: .NET Framework, React
- Methodologies: Agile, Scrum, Responsive Web Design

Soft Skills

- Communication skills: ability to effectively express ideas, listen actively, and convey information clearly and concisely.
- Collaboration skills: ability to work effectively with others, contribute to a team, and engage in cooperative problem-solving.
- Adaptability skills: ability to adjust to new situations, learn quickly, and embrace change.
- Time management skills: ability to prioritize tasks, meet deadlines, and effectively manage one's time and workload.
- Problem-solving skills: ability to identify and analyze problems, develop creative solutions, and make informed decisions.
- Conflict resolution skills: ability to address and resolve conflicts in a constructive and productive manner.
- Critical thinking skills: ability to think logically, analyze information, and make informed judgments.
- Flexibility: the ability to adapt and adjust to changing circumstances and priorities.

Operating Systems

- Windows, Linux, macOS

EXTRACURRICULAR

Justice and Care Team, New City *(Jan 2022 - Present)*

- Conducted outreach and community building activities.
- Collaborated with local organizations to plan and execute outreach events.
- Organized and facilitated community meetings to address concerns and build relationships.
- Provided resources and support to individuals and families in need.
- Coordinated volunteers and managed schedules for community events.

Soccer Coach, Salvation Army *(Jan 2022 - Present)*

- Develop and implement practice plans to improve players' skills and understanding of the game.
- Organize and oversee team practices and drills to maximize player development and team cohesion.
- Teach fundamental soccer techniques and strategies to players of various skill levels.
- Instill discipline and promote good sportsmanship among players during games and practices.
